

WATAI TRAINING **ANNOUNCEMENT**

The Washington Association of Traffic Accident Investigators (WATAI) is pleased to announce a spectacular training opportunity for collision investigators. We are announcing this training opportunity as early as possible to allow our members the chance to secure funding and adjust schedules to attend this course.

WATAI has been able to reach an agreement with Greg Russell and Lenny Simpson to come back out to the Pacific Northwest and teach their 40-hour course in Crush Analysis. Both Greg and Lenny have numerous years of collision investigation experience and also have their own collision investigation company (Accident Analysis & Reconstruction, Inc.). Greg Russell is well known within the collision investigation circles as an expert in the use of Microsoft's Excel program.

As part of this agreement, Greg and Lenny will give a "brief" introduction of this class at WATAI's Spring 2006 Conference. The conference is tentatively scheduled for April 28th 2006. The Crush Analysis course will start that following week.

The normal charge for an individual to attend this course is \$550.00 per person. WATAI has made it possible for you to attend this course for a fee as low as \$350.00 per person.

To receive this low price offering, you must be either a member in good standing with WATAI or FARO. Below are the pricing options for this outstanding training opportunity.

1. \$350.00 for current members of WATAI and FARO (*Payment must be received more than 60 days prior to scheduled class start date*)
